

ESTO Group's Landmarks of Excellence

ESTO Group is synonymous with architectural innovation and top-notch construction, consistently delivering projects that harmonize functionality with beautiful design. Their portfolio isn't just about buildings; it's about crafting landmarks that elevate the cityscape. Let's take a closer look at some of their past projects that epitomize their approach to modern architecture and quality construction.

Enso Sanza, located in Kandivali East, caters to the contemporary Mumbaikar with its stylish yet functional apartments. Emphasizing smartly designed, airy living areas, this development fosters a peaceful yet well-connected community. Reduced travel times and connectivity to Mumbai's vibrant urban life enhance residents' lifestyles, embodying ESTO Group's dedication to thoughtful urban development.

Arristo House, nestled near the Western Express Highway in Andheri East, is a prime example of their commitment to space optimization. Leveraging flat slab technology, this commercial project boasts an expansive layout conducive to seamless business activities. High-speed elevators and double-stack parking systems further enhance accessibility and efficiency, while its strategic location near key transport hubs like the airport and Andheri Station adds to its commercial allure.

Viraj Towers, strategically perched along the bustling Western Express Highway, caters to the discerning business elite. Its contemporary glass façade and state-of-the-art amenities underscore its appeal to businesses valuing connectivity and convenience in Mumbai's bustling business landscape. With easy access to major airports and Andheri Station, Viraj Towers is a hub of corporate dynamism.

Reliance Guest House, spanning 250 acres along the old Mumbai-Pune Expressway, offers a tranquil retreat without compromising city access. Completed in 1996, this project prioritizes ventilation and spaciousness in guest houses and staff quarters, ensuring superior living standards. Its serene yet well-connected location strikes a perfect balance for residents seeking respite from urban hustle.

Through their 'Real Estate, The Relationship Way' philosophy, ESTO Group not only meets but enriches Mumbai's architectural landscape. Their projects foster strong community connections, serving users and enhancing societal fabric, making each development a testament to their commitment to elevating urban environments.
